Asda's £30-off deal becomes a half-price game hack

Asda offered £30 off a £60+ shop to first-time online customers who sign up to marketing emails. It worked on electronics, including Call of Duty: Modern Warfare 4 at half price. Asda has paused the offer after "a significant number of orders that do not qualify".

> **Why it matters:** Promo terms get tested in public within days, and receipts and how-to videos become the content.

Taylor Swift says she's been “estranged” from Brad Paisley
